

2003  
Youth Risk & Resiliency Survey  
High School Questionnaire

This survey is about health behavior. It has been developed so you can tell us what you do that may affect your health. The information you give will be used to develop better health education for young people like yourself.

**DO NOT** write your name on this survey. The answers you give will be kept private. No one will know what you write. Answer the questions based on what you really do, not what you think you are supposed to do.

Completing the survey is voluntary. Your grade in this class will not be affected by whether or not you answer the questions.

Make sure you read every question. If you do not understand a question, or if you do not understand a question, or if you feel uncomfortable answering a question, you may leave it blank. Please try to answer every question.

The questions that ask about your background will be used only to describe the types of students completing this survey. The information will not be used to find out your name. No names will ever be known to anyone connected with this survey.

Fill in the ovals completely. When you are finished, follow the instructions of the person giving you the survey.

**Someone in the classroom will now tell you what to do before you start.  
Thank you very much for your help.**
